Each outstanding share of our common stock entitles the holder of record at the close of business on March 4, 2004 to receive notice of and to vote at the annual meeting or any adjournment or postponement of the meeting. Shares of common stock can be voted at the annual meeting only if the holder is present in person or by valid proxy. A copy of our annual report to stockholders, which includes audited consolidated financial statements, is enclosed. The annual report is not part of our proxy soliciting material.

By Order of the Board of Directors,

/s/ P. Robert Moya

PROXY STATEMENT

2004 ANNUAL MEETING OF STOCKHOLDERS April 29, 2004

Your vote is very important. For this reason, the Board of Directors is requesting that you allow your common stock to be represented at the annual meeting by the persons named as proxies on the enclosed proxy card. This proxy statement is being sent to you in connection with this request and has been prepared for the Board of Directors by our management. The terms “we,” “our” and “Company” refer to Insight Enterprises, Inc. and its subsidiaries. This proxy statement is first being sent to our stockholders on or about March 30, 2004.

GENERAL INFORMATION

Who can vote?

You are entitled to vote your common stock if our records showed that you held your shares as of March 4, 2004, the record date for our meeting. At the close of business on that date, 48,298,672 shares of common stock were outstanding and entitled to vote. Each share of common stock has one vote. The enclosed proxy card shows the number of shares that you are entitled to vote. Your individual vote is confidential and will not be disclosed to third parties.

How do I vote?

If your common stock is held by a broker, bank or other nominee (i.e., in street name), you will receive instructions from it that you must follow in order to have your shares voted. If you hold your shares in your own name as a holder of record, you may vote your shares by mail, by telephone or over the Internet. To vote by mail you may instruct the persons named as proxies how to vote your common stock by signing, dating and mailing the proxy card in the envelope provided. You may vote by telephone or Internet 24 hours a day, 7 days a week until 12:00 p.m. (CT) on April 28, 2004. The enclosed proxy card contains instructions for telephone and Internet voting. Of course, you can always come to the meeting and vote your shares in person.

How may I revoke my proxy instructions?

You may revoke your proxy instructions by any of the following procedures:

1. Send us another signed proxy with a later date;
2. Send a letter to our Corporate Secretary revoking your proxy before your common stock has been voted by the persons named as proxies at the meeting; or
3. Attend the annual meeting and vote your shares in person.

How are votes counted?

The annual meeting will be held if a majority of our outstanding shares entitled to vote is represented at the meeting. If you have returned valid proxy instructions or attend the meeting in person, your common stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting.

If you give us a proxy without giving specific voting instructions, your shares will be voted by the persons named as proxies as recommended by the Board of Directors. We are not aware of any other matters to be presented at the annual meeting except for those described in this proxy statement. However, if any other matters not described in this proxy statement are properly presented at the meeting, the persons named as proxies will use their own judgment to determine how to vote your shares. If the meeting is adjourned, your shares may be voted by the persons named as proxies on the new meeting date as well, unless you have revoked your proxy instructions prior to that time.

A “broker non-vote” occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or other nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum for the annual meeting, if such shares are otherwise properly represented at the meeting in person or by proxy, but are not counted for purposes of determining the number of shares entitled to vote on any proposal in respect of which the broker or other nominee lacks discretionary authority.

May I attend the annual meeting?

If you are a holder of record, you may attend the annual meeting. If you plan to attend the annual meeting, please indicate this when you vote. If you are a beneficial owner of common stock held by a broker or bank, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a broker or bank showing your current ownership and ownership of our shares on the record date are examples of proof of ownership. If you want to vote in person your common stock held in street name, you will have to get a proxy in your name from the registered holder.

What vote is required?

The three nominees for director who receive the most votes will be elected. Therefore, if you do not vote for a nominee or you elect to withhold authority to vote for any nominee on your proxy card, your vote will not count for or against any nominee.

The ratification of the appointment of KPMG LLP as our independent public auditor will be adopted upon the affirmative vote of the majority of shares voting on the proposal.

Who pays the cost of this proxy solicitation?

We will pay the cost of this proxy solicitation. We will, upon request, reimburse brokers, banks and other nominees for their expenses in sending proxy material to their principals and obtaining their proxies. We will solicit proxies by mail, except for any incidental personal solicitation made by our directors, officers and employees, for which they will not be paid.

WHO SHOULD I CALL IF I HAVE QUESTIONS?

If you have questions about the annual meeting or voting, please call our Corporate Secretary, P. Robert Moya, at (480) 333-3045.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We sponsor the Insight Bowl, a post-season intercollegiate football game that is played annually in Phoenix, Arizona. We have entered into multi-year sponsorship agreements with the Valley of the Sun Bowl Foundation d/b/a Insight Bowl and The Arizona Sports Foundation d/b/a Fiesta Bowl, the not-for-profit entities that conduct the Insight and Fiesta Bowl games and related activities. During 2003, we paid the Valley of the Sun Bowl Foundation \$512,000 pursuant to sponsorship agreements and for ticket purchases. Stanley Laybourne, a member of our Board of Directors and our Executive Vice President, Chief Financial Officer and Treasurer, serves as the Chief Financial Officer of these foundations. We believe we obtain important local and national public relations benefits from our sponsorship; and we use the events to entertain customers, suppliers and employees. We also believe the terms of the sponsorship agreements with these two entities are as advantageous to us as we would obtain in an arm’s length transaction. Finally, the agreements between us and both foundations were negotiated and agreed to by senior executive management other than Stanley Laybourne.

P. Robert Moya, our Chief Administrative Officer, Executive Vice President, General Counsel and Secretary, commenced his employment with us on October 10, 2002. Prior to that time, he was a partner in the law firm of Quarles & Brady LLP (“Quarles”), which provided legal services to us during 2003. As contemplated by the terms of his employment agreement with us, Mr. Moya remained a partner of Quarles until September 30, 2003 in order to provide an orderly transition of his prior legal practice. He was compensated by Quarles during this transition period on the basis of various factors associated with the transition, including, among other things, revenues received from his former clients. However, Mr. Moya specifically has not and will not receive any compensation from Quarles directly or indirectly based on the amount of revenues paid to Quarles by us or our affiliates in respect of any services provided to us from and after October 1, 2002. We also believe the amounts paid to Quarles for legal services are as advantageous to us as we would obtain in an arm’s length transaction with a similar law firm.

MEETINGS OF THE BOARD AND ITS COMMITTEES

The Board of Directors held a total of seven meetings during the year ended December 31, 2003. None of our directors attended fewer than 75% of the aggregate of all meetings of the Board of Directors, or of any committee on which the director served during 2003. The Board of Directors currently does not have a policy with regard to director attendance at the Company's annual meeting of stockholders. However, four of the Board members attended the annual meeting of stockholders in May 2003. The Board has an Executive Committee, an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, and all of these are standing committees.

With the appointment of Mr. Dorrance to our Board of Directors on February 4, 2004, the majority of our Board of Directors meets the independence requirement of the Marketplace Rules of the National Association of Securities Dealers, Inc. ("NASD"). The independent directors have previously held, and now, as a majority of the Board of Directors, will hold executive sessions without management present from time to time as they determine appropriate.

The Executive Committee consists of Eric J. Crown, Timothy A. Crown and Stanley Laybourne. The Executive Committee is empowered to act on board matters that arise between meetings of the full Board of Directors. The Executive Committee did not meet in 2003 but would meet to act on any matters that required immediate attention when a quorum of our Board of Directors could not be convened.

The Audit Committee consists of Michael M. Fisher, Chairman, Larry A. Gunning and Robertson C. Jones and met nine times in 2003. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities as to financial reporting, audit functions and risk management. The Audit Committee reviews and considers the independence and performance of our independent auditors and internal audit department and the systems of internal control established by management. The Audit Committee operates pursuant to a written charter, reviewed annually, adopted by the Committee and approved by the Board of Directors. The charter is attached to this proxy statement as **Appendix A** and may be viewed online on our website at www.insight.com under the "Investor Relations" section by clicking on the "Highlights" tab under Corporate Governance.

The Board of Directors has determined that the composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are in accordance with applicable NASD Marketplace Rules for audit committees. In particular, all Audit Committee members possess the required level of financial literacy, at least one member of the Audit Committee meets the current standard of requisite financial management expertise and our Board of Directors has determined that Michael M. Fisher, the chairman of the Audit Committee, is an "audit committee financial expert" as defined in Item 401(h) of Regulation S-K of the Securities and Exchange Commission (the "SEC"). Additionally, Mr. Fisher and each of the other members of the Audit Committee is an "independent director" as defined in NASD Marketplace Rule 4200(a)(15). Our policy is to discourage related party transactions, and effective May 9, 2003, prior approval of the Audit Committee is necessary to enter into a related party transaction.

The Compensation Committee, consisting of Messrs. Gunning, Chairman, Jones, Fisher and Dorrance (beginning February 4, 2004), met eleven times in 2003. The Compensation Committee administers compensation and benefit programs designed for directors and officers required to report under Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and our other senior officers. The Committee also administers our equity compensation plans to ensure that we have the ability to attract and retain highly qualified managers through competitive salary and benefit programs and to encourage extraordinary effort through incentive rewards. Each member of the Compensation

Committee is an “independent director” as defined in NASD Marketplace Rule 4200(a)(15) and an “outside director” as defined in Section 162(m) of the Internal Revenue Code.

The Nominating and Governance Committee consists of Messrs. Jones, Chairman, Gunning, Fisher and Dorrance (beginning February 4, 2004) and met five times during 2003. The Nominating and Governance Committee operates pursuant to a written charter which may be viewed online on our website at www.insight.com under the “Investor Relations” section by clicking on the “Highlights” tab under Corporate Governance. Each member of the Nominating and Governance Committee is an “independent director” as defined in NASD Marketplace Rule 4200(a)(15).

The Nominating and Governance Committee is responsible for identifying, recruiting and evaluating candidates for the Board of Directors when appropriate and making recommendations to the Board of Directors regarding the membership of the committees of the Board of Directors. In evaluating Board candidates, the Nominating and Governance Committee does not have fixed requirements but will, instead, consider the breadth of business experiences and skills, prominence and reputation in their professions, their global business perspectives, concern for the long-term interests of the stockholders and personal ethics, integrity and judgment. Two of the nominees for directors being voted upon at the annual meeting, Eric J. Crown and Michael M. Fisher, are directors standing for re-election. Bennett Dorrance is an incumbent director (having been appointed to the Board of Directors after the last annual meeting) but is standing for election for the first time. This director was originally identified to the Nominating and Governance Committee by an independent director and a member of that committee. We have never received a recommendation for a director nominee from a stockholder. Our policy, however, would require that the Nominating and Governance Committee evaluate nominees recommended by stockholders in the same manner described above. Stockholders may propose director candidates for consideration by sending the name of any recommended candidate, together with pertinent biographical information, a document indicating the candidate’s willingness to serve if elected, and evidence of the nominating stockholder’s ownership of our common stock to our Corporate Secretary at 1305 West Auto Drive, Tempe, Arizona 85284 in accordance with the provisions set forth under the heading “Stockholder Proposals” in this proxy statement. The Nominating and Governance Committee is also responsible for reviewing current developments in the corporate governance area and periodically updating the Board of Directors or making recommendations as the Nominating and Governance Committee deems appropriate.

Stockholders wishing to communicate with the Board of Directors or with a Board member should address communications to the Board or the particular Board member, c/o Corporate Secretary, Insight Enterprises, Inc., 1305 West Auto Drive, Tempe, Arizona 85284. The Corporate Secretary will forward all such communication to the individual Board member or the Board of Directors, as appropriate.

Compensation of Directors

Effective January 1, 2004, each outside director (i.e., non-employee) will receive \$15,000 per quarter for serving on the Board, an additional \$2,500 for each Board Committee on which he serves and reimbursement for reasonable expenses incurred in connection with service as a director. An additional \$1,250 per quarter will be paid to the director serving as Chair of the Audit Committee. In addition, outside directors will receive options to purchase 5,000 shares upon joining the Board and options to purchase 2,500 shares yearly. Options granted to outside directors are exercisable for five years at the fair market value of the stock on the date of grant and vest over a three-year period, subject to continued Board service.

In 2003, each outside director received a retainer of \$10,000 per quarter, \$1,000 per Board meeting attended, \$500 per committee meeting attended, reimbursement of reasonable expenses and certain

formula-based stock option awards as described below. No per-meeting fees were paid in respect of some meetings held by teleconference. Through 2003, outside directors received options for 7,500 shares each time they were elected for a full three-year term on the board, and those initially elected to the board between annual meetings received options for 2,500 shares multiplied by the number of full and partial years of their initial terms. Directors who are employees do not receive compensation for their service as directors except Eric J. Crown, who receives an annual retainer of \$50,000 for service as Chairman of the Board of Directors pursuant to an employment agreement which expires on April 1, 2004. Under his employment agreement, Mr. Crown devotes time to acquisitions, strategic planning and other key initiatives, as requested by the Chief Executive Officer or the Board of Directors, on an as-needed basis. Mr. Crown's base salary is currently set at \$250,000, and he is entitled to receive an incentive bonus, payable quarterly, equal to 0.75% of our net earnings (before deducting the incentive bonuses of certain executive officers) provided that our net earnings exceed stated minimum amounts. The incentive bonus is paid in the form of either cash or restricted stock at the election of Mr. Crown. The restricted stock vests quarterly over three years, subject to acceleration in certain circumstances.

CODE OF ETHICS

We have adopted a Code of Ethics that applies to our Chief Executive Officer and our senior financial executives. Our Code of Ethics is posted on our website, www.insight.com, and may be found under the "Investor Relations" section by clicking on the "Highlights" tab under Corporate Governance. We intend to satisfy the disclosure requirement under Item 10 of Form 8-K regarding any amendments to, or waivers from, a provision of our Code of Ethics by posting such information on our website at the location specified above.

Option Grants in Last Fiscal Year

The following table sets forth information regarding stock options granted during the year ended December 31, 2003 to the named executive officers.⁽¹⁾

Name	Individual Grants					Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (3)	
	Number of Securities Underlying Options Granted (#)(2)	Percent of Total Options Granted to Employees in Fiscal Year	Exercise Price (\$/Share)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (3)		
					5%(\$)	10%(\$)	
Stanley Laybourne	25,000	1.24	15.22	09/30/08	105,125	232,299	

- (1) There were no grants to Messrs. Crown, Moya, Smith or Farfante during the year ended December 31, 2003.
- (2) Represent options granted by us to purchase shares of our common stock. One-third of the options become exercisable on each of the first three anniversaries of the grant date.
- (3) Amounts represent hypothetical gains that could be achieved over the full option term (5 years). The potential realizable value is calculated by assuming that the market price of the underlying security appreciates in value from the date of grant to the end of the term of the option at the specified annual rates, and that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the options were granted to their expiration date and are not presented to forecast possible future appreciation, if any, in the price of the common stock.

Aggregated Option Exercises and Fiscal Year-End Option Values

The following table sets forth information with respect to exercises of options to purchase Insight Enterprises, Inc. common stock and the number and value of such options outstanding at December 31, 2003 held by the named executive officers.

Name	Shares Acquired on Exercise (#)	Value Realized (\$)	Number of Securities Underlying Unexercised Options at Year-End (#)		Value of Unexercised In-The-Money Options at Year-End (\$) (1)	
			Exercisable	Unexercisable(2)	Exercisable	Unexercisable
Timothy A. Crown	—	—	—	—	—	—
Stanley Laybourne	—	—	552,500	75,000	\$1,467,650	\$220,125
P. Robert Moya	—	—	75,000	175,000	\$740,250	\$1,727,250
Branson (“Tony”) M. Smith	—	—	603,499	37,125	\$640,362	—
Dino D. Farfante	—	—	253,333	37,500	\$927,111	\$120,250

- (1) Value as of December 31, 2003 is based upon the closing price on that date as reported on the Nasdaq minus the exercise price, multiplied by the number of shares underlying the option.
- (2) Does not include securities underlying unexercisable options at year-end issued by Direct Alliance Corporation (“Direct Alliance”) and PlusNet Technologies Ltd. (“PlusNet”) held by named executive officers in the following amounts, respectively: 600,000 and 1,000,000 held by Timothy A. Crown; 300,000 and 500,000 held by Stanley Laybourne; 600,000 and 500,000 held by Branson “Tony” M. Smith; and 30,000 and 50,000 held by Dino D. Farfante.

In addition, our subsidiaries, Direct Alliance and PlusNet have issued options to our named executive officers in the amounts described in footnote (2) above. None of these options is exercisable, and there is no current market for the underlying securities. The exercise price for each of these options is the fair market value at the date of grant, as determined by an appraisal. We have not conducted subsequent appraisals for this purpose through December 31, 2003, and we are not required to do so. Accordingly, the current value of these unexercisable options at December 31, 2003 is indeterminate, and no value in respect of these options is included in the table above. Under these options, our named executive officers have the right to acquire the following percentages, determined on a fully-diluted basis, of the total outstanding common stock of Direct Alliance and PlusNet, respectively: Timothy A. Crown: 1.8% and 1.8%; Stanley Laybourne: 0.9% and 0.9%; Branson (“Tony”) M. Smith: 1.8% and 0.9%; and Dino Farfante: 0.1% and 0.1%.

Employment Contracts, Termination of Employment and Change-of-Control Arrangements

We have entered into employment agreements with each of our named executive officers. It has been our policy since November 2002 that the Compensation Committee must approve compensation for all of our officers who are required to file reports with the SEC pursuant to Section 16(a) of the Exchange Act and for our other senior officers, and the Board of Directors approved all of the employment agreements with our named executive officers based upon the recommendation of the Compensation Committee. New employment agreements with Timothy A. Crown, Stanley Laybourne, P. Robert Moya and Dino D. Farfante that supersede agreements entered into between July 1997 and October 2002, were entered into during March 2004 and are effective November 1, 2003, except that bonuses for the fourth quarter of 2003 were calculated under the now superseded agreements.

The new employment agreements for Timothy A. Crown, Stanley Laybourne, P. Robert Moya and Dino D. Farfante provide for continually renewing terms of two years and establish base salaries and a mechanism for setting annual incentive bonuses, which have been set only for 2004. The Compensation Committee will evaluate and set bonus levels for each subsequent year in the second half of the preceding year (for example, the Compensation Committee will set a bonus level for 2005 in the second half of 2004). The new employment agreements provide for annual, rather than quarterly, bonuses and establish quarterly advances against such annual bonuses based on Company performance during each of the first three quarters. The amount of the advances is subject to a declining percentage (from a 75% advance of the quarterly calculation in 2004 to a 50% advance in 2006 and thereafter). Additionally, the agreements allow us, under specified conditions, to take back bonus advances if we don't achieve a set minimum of diluted earnings per share for the entire fiscal year.

The other material terms of the agreements are as follows:

Timothy A. Crown. Through October 2003, Mr. Crown's base salary was set at \$250,000, and he was entitled to receive an incentive bonus, payable quarterly, equal to 2.5% of our net earnings (before deducting the incentive bonuses of certain executive officers), provided that our net earnings exceeded stated minimum amounts. Mr. Crown's current base salary is \$695,000, and, for 2004, he is entitled to receive an incentive bonus, payable on approximately March 1, 2005, equal to 1,000,000 times diluted earnings per share (subject to a limit of \$1,875,000), provided that our 2004 diluted earnings per share exceeds 2003 diluted earnings per share.

Stanley Laybourne. Mr. Laybourne's base salary, through October 2003, was set at \$225,000, and he was entitled to receive an incentive bonus, payable quarterly, equal to 1.0% of our net earnings (before deducting the incentive bonuses of certain executive officers), provided that our net earnings exceeded stated minimum amounts. Mr. Laybourne's current base salary is \$350,000, and, for 2004, he is entitled

to receive an incentive bonus, payable on approximately March 1, 2005, equal to 550,000 times diluted earnings per share (subject to a limit of \$825,000), provided that our 2004 diluted earnings per share exceeds 2003 diluted earnings per share.

P. Robert Moya. Pursuant to our prior agreement with Mr. Moya, his base salary was set at \$200,000, we granted him an option to purchase (at the fair market value on the date of grant) 250,000 shares of our common stock vesting in four installments between October 2003 and October 2006, and we agreed to pay him a signing bonus in five installments of \$100,000 each ending in January 2005. His quarterly incentive bonus was set at 0.85% (0.75% for the period of October 2002 – September 2003) of our net earnings (before deducting the incentive bonuses of certain executive officers), less \$25,000, provided that our net earnings exceeded stated minimum amounts. Mr. Moya's current base salary is \$325,000, and for 2004, he is entitled to receive an incentive bonus, payable on approximately March 1, 2005, equal to 450,000 times diluted earnings per share, less \$100,000 (subject to a limit of \$675,000 for the incentive bonus), provided that our 2004 diluted earnings per share exceeds 2003 diluted earnings per share.

Dino D. Farfante. Through October 2003, Mr. Farfante's base salary was set at \$300,000, and he was entitled to receive an incentive bonus, payable quarterly, equal to 1.0% of our net earnings (before deducting the incentive bonuses of certain executive officers) provided that our net earnings exceeded stated minimum amounts. Mr. Farfante's base salary is currently set at \$325,000, and for 2004, he is entitled to receive an incentive bonus, payable on approximately March 1, 2005, equal to 500,000 times diluted earnings per share (but not more than \$750,000), provided that our diluted earnings per share exceeds 2003 diluted earnings per share.

The new agreements for Timothy A. Crown, Stanley Laybourne, P. Robert Moya and Dino D. Farfante also contain provisions for payments following a "change of control," a termination of the agreement by us "without cause" or a termination of the agreement by the named executive officer for "good reason" (as those terms are defined in the agreements). Upon any of these events, we would be required to make a lump-sum payment (or, the named executive officer affected by the event would have the right to require us to make a lump-sum payment) in an amount equal to two times base salary and two times incentive bonus for the preceding fiscal year (or the year preceding that, if that would yield a higher incentive payment for the executive). All such payments are to be grossed-up for the individuals' taxes. Additionally, if we terminate Mr. Moya's employment without cause, if Mr. Moya resigns for good reason or if there is a change of control, the options granted to Mr. Moya when he joined us will vest in full.

Branson "Tony" M. Smith. Mr. Smith's employment agreement was entered into with an initial period of two years, effective July 1, 1999, and will expire on December 31, 2004. Mr. Smith's base salary is currently set at \$250,000 and through December 31, 2003, he received an incentive bonus, payable quarterly, equal to 2.0% of our net earnings (before deducting the incentive bonuses of certain executive officers) provided that our net earnings exceed stated minimum amounts. Effective November 1, 2003, Mr. Smith ceased being President of the Company and became President of Direct Alliance Corporation. We are currently revising Mr. Smith's employment agreement and have agreed, in principal, with Mr. Smith that effective January 1, 2004, he is entitled to receive a base salary of \$250,000 and an incentive bonus, payable quarterly, equal to 2.0% of Direct Alliance's net earnings (before deducting the incentive bonuses of certain executive officers of Direct Alliance).

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee, which met eleven times during 2003, makes compensation decisions with respect to directors and officers required to report under Section 16(a) of the Exchange Act and our other senior officers.

The Committee is charged with:

- (1) reviewing and approving the annual salary, bonus and other benefits including perquisites and personal benefits, to be paid or awarded to directors and officers required to report under Section 16(a) of the Exchange Act and our other senior officers; and
- (2) reviewing and recommending to the Board of Directors new equity compensation plans and changes to existing plans.

In December 2002, the Committee commissioned Aon Consulting (“Aon”) to analyze and review the competitiveness of our executive compensation. Aon presented its analysis during 2003. The analysis measured Insight Enterprises’ compensation goals and actual results against information for two groups of companies (the “comparison groups”). The first group was selected by Aon and utilizes information from public filings. The second group was certain companies participating in an annual third-party survey of executive compensation. The Committee also, separately, considers other relevant sources of information in setting compensation for executives. The Committee, as well as each of the Chief Executive Officer, the Chief Financial Officer and the Executive Vice President/General Counsel, met with Aon to review Aon’s findings. In addition, the Committee met separately with Aon concerning its analysis and recommendations and retained outside counsel to the Committee to advise it regarding specific provisions of the new employment agreements. Utilizing Aon’s analysis, internal resources and outside counsel, the Committee restructured the employment agreements with Timothy A. Crown, Stanley Laybourne, P. Robert Moya and Dino D. Farfante, effective November 1, 2003, with the principal changes relating to increases in base pay, moving from quarterly incentive bonuses based on adjusted net earnings to annual incentive bonuses based on diluted earnings per share and annual setting, by the Committee, of bonus formulae and percentages. The Committee anticipates that similar periodic reviews and analysis will be conducted in the future.

Compensation Philosophy

The general philosophy of our executive compensation program is to offer compensation, including base salaries, bonus and equity incentives, that is competitive in the marketplace and will permit us to attract and retain highly qualified executives and encourage extraordinary effort on behalf of Insight Enterprises. The employment agreements with executives and the stock incentive plans reflect this philosophy.

Base Salary

The Committee targets base pay for executive officers at or near the median of the comparison groups and adjusts, as appropriate, for tenure, performance and variations in actual position responsibilities from position descriptions in the comparison groups. Salary reviews demonstrated that base salaries for all of our named executive officers for 2003 were below the median for the comparison groups, and salaries were increased, commencing November 2003, to progress towards the median.

Cash Bonuses, Total Cash Compensation

The Committee places greater emphasis on bonus compensation than base salary and, accordingly, targets bonuses for executive officers at or above the median for the comparison groups. The Committee views bonus compensation as a means of closely tying a significant portion of the total potential cash compensation to executives to Insight Enterprises' financial performance. Under prior employment agreements, bonuses were paid quarterly, and executives could elect payment in shares of restricted stock instead of cash (with vesting over three years, subject to acceleration in certain circumstances and forfeiture of unvested shares upon departure). Net earnings exceeded the minimum amounts for all quarters in 2003, and we paid bonuses to the named executive officers in accordance with the employment agreements then in effect.

The Committee adjusted bonuses for 2004 in an effort to yield bonus compensation and total cash compensation closer to targets and to provide, overall, compensation for the entire team of named executive officers which is competitive with compensation offered within the comparison groups. In addition, in new employment agreements with executives, annual bonuses based on diluted earnings per share replaced quarterly bonuses based on net earnings (before deducting the incentive bonuses of certain executive officers) in order to derive bonus and total cash compensation which is more closely linked to longer term increases in stockholder value and retain the right of the Committee to use and set bonus formulae each year based then current circumstances. The new employment agreements do not allow executives to select bonus payments in restricted stock.

Stock Incentives

The Committee views stock-based compensation as a critical component of the overall executive compensation program and targets equity incentive compensation grants at or above the median for the comparison groups to motivate and reward executives for long-term strategic management and increases in stockholder value.

In 1994, the Board of Directors adopted, and stockholders approved, the 1994 Stock Option Plan (the "1994 Option Plan"), under which incentive stock options and nonqualified stock options may be granted to executive officers, other key employees, outside directors and consultants. The Board of Directors also adopted, and stockholders approved, the 1998 Long-Term Incentive Plan (the "LTIP"), under which a variety of stock-based awards may be granted to officers, employees, directors and consultants or independent contractors, including officers who are also directors of Insight and its subsidiaries. In 1999, the Board of Directors adopted the 1999 Broad Based Employee Stock Option Plan (the "1999 Broad Based Plan"), under which nonqualified stock options may be granted to employees of Insight and its subsidiaries. Additionally, stock options may be granted in subsidiaries that Insight Enterprises intends, eventually, to divest because it directly ties an executive's compensation to the value realized from a successful divestiture.

During 2003, the Committee completed its review of Aon's analysis of executive compensation and negotiated new employment agreements. The executives fell behind our target award level for stock incentives in 2003 because the Committee did not grant options (other than a grant to Mr. Laybourne in September 2003) during the review and negotiation process. The one grant was made in recognition of service and performance in 2002 and, at a grant level of 25,000 shares, also fell significantly short of the target award level. Grants to our named executive officers, when made, are at an exercise price equal to the market value of the underlying common stock at the close of trading on the date of grant, thus serving to focus the officer's attention on managing the Company from the perspective of an owner with a continuing equity stake in the business.

Chief Executive Officer Compensation

The Committee determined 2003 compensation for Mr. Crown using the same criteria it used for other executives, placing relatively less emphasis on base salary and, instead, creating greater opportunities for Mr. Crown in bonus and total cash compensation. No stock-based awards were made to Mr. Crown in 2003, and in April 2003, Mr. Crown sold to Insight Enterprises options to acquire, in the aggregate, 952,671 shares of common stock for \$.001 per option, in order to make additional options available to other employees.

Through October 2003, Mr. Crown received a base salary of \$250,000. This level was consistent with salary for the prior year, and the Committee determined that no increase in base salary was appropriate in light of prevailing market conditions and Insight Enterprises' operating results. In 2003, however, the Committee determined, following its review of the Aon analysis and other available information, that Mr. Crown's base salary should be increased to \$695,000. This base salary, although a significant increase from the prior base salary, remains below the median for the comparison groups. The Committee, in making this decision, considered the following key factors: the base salary of Mr. Crown had been constant since 2001; the base salary was significantly less than the targeted base salary level for the Chief Executive Officer and far behind companies in the comparison groups; the successful integration of Comark and conversion to a new IT system; the development of the single-source model for IT products and services and delivery of that message; and other direct contributions of Mr. Crown to the continuing success of Insight Enterprises. The Committee considered the same factors in determining to change the bonus structure (as described above) for Mr. Crown.

Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Chief Executive Officer and any other executive officer whose compensation is required to be reported in the Summary Compensation Table above. Qualified performance-based compensation will not be subject to the deduction limit if certain conditions are met. It is the Committee's intent to evaluate and, to the extent consistent with its other compensation objectives and overall compensation philosophy, take the steps necessary to satisfy those conditions in order to preserve the deductibility of executive compensation. Nevertheless, we may not be able to preserve deductibility of executive compensation recognized in connection with the exercise of certain options that have been granted to covered executive officers. Specifically, compensation resulting from the exercise of options granted to a covered executive officer under the 1994 Option Plan will not qualify for deductibility to the extent that the total of the base salary, bonuses and compensation from such option exercise received by any covered executive officer exceeds \$1 million in any taxable year.

AUDIT COMMITTEE REPORT

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in its general oversight of Insight Enterprises' financial reporting, internal control and audit functions. Insight Enterprises' management is responsible for the preparation, presentation and integrity of our financial statements, accounting and financial reporting principles, internal controls and procedures designed to assure compliance with accounting standards, applicable laws and regulations. Insight Enterprises' independent auditing firm is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

Among other matters, the Audit Committee monitors the activities and performance of Insight Enterprises' internal and independent auditors, including the audit scope, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee has the ultimate authority and responsibility to select, evaluate, and when appropriate, replace the independent auditor. The Audit Committee also reviews the results of the internal and independent audit work with regard to the adequacy and appropriateness of Insight Enterprises' financial, accounting and internal controls. The Audit Committee engaged in regular discussions with the director of internal audit and independent auditor without the presence of senior members of management during 2003. Management and independent auditor presentations to, and discussions with, the Audit Committee also covered various topics and events that have significant financial impact on Insight Enterprises or are the subject of discussions between management and the independent auditor. In this context, the Audit Committee met nine times during 2003, during which it held discussions with senior members of Insight Enterprises' financial management team, the director of internal audit and independent auditor.

The Audit Committee has adopted procedures for pre-approving all audit and permissible non-audit services provided by the independent auditor. For each non-audit service, as defined in the policy, performed by the auditor, an engagement letter confirming the scope and terms of the work to be performed is submitted to the Committee for pre-approval. Any modification to an executed engagement letter must also be pre-approved by the Committee. As permitted by Section 10A(i)(3) of the Exchange Act, the Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee for all engagements under \$50,000. The Chairman of the Audit Committee must report any pre-approval decisions to the Audit Committee at its next regular quarterly meeting.

Management has reviewed Insight Enterprises' audited consolidated financial statements with the Audit Committee including a discussion of the quality, not just the acceptability, of the relevant accounting principles, the reasonableness of significant judgments made in connection with critical accounting principles and the accuracy and clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations that the audited consolidated financial statements of Insight Enterprises have been prepared in conformity with accounting principles generally accepted in the United States of America.

The Audit Committee discussed with the independent auditors the matters required to be discussed with the Audit Committee under Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees." The independent auditors also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with the independent auditors their independence.

Based on the Audit Committee's discussions with management and the independent auditors and its review of the representation of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Insight Enterprises' Annual Report on Form 10-K for the year ended December 31, 2003 filed with the Securities and Exchange Commission.

AUDIT COMMITTEE:

Michael M. Fisher, Chairman
