- (1) To elect two Class III directors to serve until the 2006 annual meeting of stockholders or until their respective successors have been duly elected and qualified; and
- (2) To transact such other business as may properly come before the annual meeting or any adjournment of the meeting.

These items are more fully described in the following pages, which are made part of this notice.

Each outstanding share of our common stock entitles the holder of record at the close of business on March 19, 2003 to receive notice of and to vote at the annual meeting or any adjournment or postponement of the meeting. Shares of common stock can be voted at the annual meeting only if the holder is present in person or by valid proxy. A copy of our annual report to stockholders, which includes audited financial statements, is enclosed. The annual report is not part of our proxy soliciting material.

By order of the board of directors,

/s/ P. Robert Moya

PROXY STATEMENT

2003 ANNUAL MEETING OF STOCKHOLDERS

May 14, 2003

Your vote is very important. For this reason, the board of directors is requesting that you allow your common stock to be represented at the annual meeting by the persons named as proxies on the enclosed proxy card. This proxy statement is being sent to you in connection with this request and has been prepared for the board of directors by our management. The terms “we,” “our” and “Company” refer to Insight Enterprises, Inc. and its subsidiaries. This proxy statement is first being sent to our stockholders on or about April 14, 2003.

GENERAL INFORMATION

Who can vote?

You are entitled to vote your common stock if our records showed that you held your shares as of March 19, 2003. At the close of business on that date, 46,101,041 shares of common stock were outstanding and entitled to vote. Each share of common stock has one vote. The enclosed proxy card shows the number of shares that you are entitled to vote. Your individual vote is confidential and will not be disclosed to third parties.

How do I vote?

If your common stock is held by a broker, bank or other nominee (i.e., in street name), you will receive instructions from it that you must follow in order to have your shares voted. If you hold your shares in your own name as a holder of record, you may vote your shares by mail, by telephone or over the Internet. To vote by mail you may instruct the persons named as proxies how to vote your common stock by signing, dating and mailing the proxy card in the envelope provided. You may vote by telephone or internet 24 hours a day, 7 days a week. The enclosed proxy card contains instructions for telephone and internet voting. Of course, you can always come to the meeting and vote your shares in person.

How may I revoke my proxy instructions?

You may revoke your proxy instructions by any of the following procedures:

1. Send us another signed proxy with a later date;
2. Send a letter to our corporate secretary revoking your proxy before your common stock has been voted by the persons named as proxies at the meeting; or
3. Attend the annual meeting and vote your shares in person.

How are votes counted?

The annual meeting will be held if a majority of our outstanding shares entitled to vote is represented at the meeting. If you have returned valid proxy instructions or attend the meeting in person, your common stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting.

If you give us a proxy without giving specific voting instructions, your shares will be voted by the persons named as proxies as recommended by the board of directors. We are not now aware of any other matters to be presented at the annual meeting except for those described in this proxy statement. However, if any other matters not described in this proxy statement are properly presented at the meeting, the persons named as proxies will use their own judgment to determine how to vote your shares. If the meeting is adjourned, your shares may be voted by the persons named as proxies on the new meeting date as well, unless you have revoked your proxy instructions prior to that time.

A “broker non-vote” occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or other nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum for the annual meeting, if such shares are otherwise properly represented at the meeting in person or by proxy, but are not counted for purposes of determining the number of shares entitled to vote on any proposal in respect of which the broker or other nominee lacks discretionary authority.

May I attend the annual meeting?

If you are a holder of record and you plan to attend the annual meeting, please indicate this when you vote. If you are a beneficial owner of common stock held by a broker or bank, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a broker or bank showing your current ownership and ownership of our shares on the record date are examples of proof of ownership. If you want to vote in person your common stock held in street name, you will have to get a proxy in your name from the registered holder.

What vote is required?

The two nominees for director who receive the most votes will be elected. Therefore, if you do not vote for a nominee or you elect to withhold authority to vote for any nominee on your proxy card, your vote will not count for or against any nominee.

Who pays the cost of this proxy solicitation?

We will pay the cost of this proxy solicitation. We will, upon request, reimburse brokers, banks and other nominees for their expenses in sending proxy material to their principals and obtaining their proxies. We will solicit proxies by mail, except for any incidental personal solicitation made by our directors, officers and employees, for which they will not be paid.

WHO SHOULD I CALL IF I HAVE QUESTIONS?

If you have questions about the annual meeting or voting, please call our Corporate Secretary, P. Robert Moya, at (480) 333-3045.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our board of directors consists of six members divided into three classes, with the directors in each class serving for a term of three years. The three-year terms of Timothy A. Crown and Stanley Laybourne, who are Class III directors, expire at the annual meeting. The board of directors has nominated Messrs. Crown and Laybourne for re-election as directors and, unless otherwise instructed, the proxy holders will vote for the election of Messrs. Crown and Laybourne. Each of the nominees has agreed to be named in this proxy statement and to serve if elected.

We know of no reason why any of the nominees would not be able to serve. However, if any nominee is unable or declines to serve as a director, or if a vacancy occurs before election (which events are not anticipated), the proxy holders will vote for the election of such other person or persons nominated by the board of directors.

LEGAL PROCEEDINGS

We are a defendant in a lawsuit pending in the United States District Court, District of Arizona which alleges violations of Section 10(b) of the Securities Exchange Act of 1934, and SEC Rule 10b-5. Three separate lawsuits filed by stockholders have been consolidated into a single action. The plaintiff in this action alleges we and certain of our officers made false and misleading statements pertaining to our business, operations and management in an effort to inflate the price of our common stock. The lawsuit also names as co-defendants: Eric J. Crown, the Chairman of our board of directors; Timothy A. Crown, our Chief Executive Officer and a director; and Stanley Laybourne, a director and our Executive Vice President, Chief Financial Officer and Treasurer. In the consolidated complaint, which was filed in December 2002, the plaintiff seeks class action status to represent all buyers of our common stock from September 3, 2001 through July 17, 2002. We intend to defend the lawsuit vigorously, and in February 2003 filed a motion to dismiss. The costs associated with defending the allegations in these lawsuits and the potential outcome cannot be determined at this time and, accordingly, no estimate for such costs, other than the deductible amount under our directors and officers' liability insurance policies, has been included in these consolidated financial statements.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We sponsor the Insight Bowl, a post-season intercollegiate football game that is played annually in Phoenix, Arizona. We have entered into multi-year sponsorship agreements with the Valley of the Sun Bowl Foundation d/b/a Insight Bowl and The Arizona Sports Foundation d/b/a Fiesta Bowl, the not-for-profit entities that conduct the Insight and Fiesta Bowl games and related activities. During 2002, we paid the Valley of the Sun Bowl Foundation \$564,900 and The Arizona Sports Foundation \$236,000 pursuant to sponsorship agreements and for ticket purchases. Stanley Laybourne, a member of our board of directors and our Executive Vice President, Chief Financial Officer and Treasurer, serves as the Chief Financial Officer of these foundations. Michael M. Fisher, a member of our board of directors, serves as the Treasurer and member of the board of directors and executive committees of both foundations. Larry A. Gunning, a member of our board of directors, is a life director of both foundations. We believe we obtain important local and national public relations benefits from our sponsorship and use the event to entertain employees, customers and suppliers. We also believe the terms of the sponsorship agreements are as advantageous to Insight Enterprises, Inc. as would be obtained in an arm's length transaction.

P. Robert Moya, our Executive Vice President, General Counsel and Secretary, commenced his employment with us on October 10, 2002. Prior to that time, he was a partner in the law firm of Quarles & Brady Streich Lang LLP (“Quarles”), which has provided legal services to us during 2002 and 2003. As contemplated by the terms of his employment agreement with us, Mr. Moya will remain a partner of Quarles until September 30, 2003, in order to provide an orderly transition of his prior legal practice. He will be compensated by Quarles during this transition period on the basis of various factors associated with the transition, including, among other things, the amount of time devoted to the business of the partnership and revenues from former clients. However, Mr. Moya specifically will not receive any compensation from Quarles directly or indirectly based on the amount of revenues paid to Quarles by us or our affiliates in respect of any services provided to us from and after October 1, 2002. We also believe the amounts paid to Quarles for legal services are as advantageous to Insight Enterprises, Inc. as would be obtained in an arm’s length transaction with a similar law firm.

In 2002, we paid \$167,595 and \$66,395 to Spiral Aviation, LLC and Globaljet Corporation, respectively, for the use of private airplanes owned by Spiral Aviation to perform company business. Mr. Timothy A. Crown, our Chief Executive Officer, and Mr. Eric A. Crown, our Chairman of the Board, together have outstanding unsecured loans to Spiral Aviation of \$1,287,367 in the aggregate. We have not used any aircraft owned by Spiral Aviation since June 2002 and do not intend to during the next fiscal year. We also believe the amounts paid to Spiral Aviation and Globaljet Corporation for the use of private airplanes are as advantageous to Insight Enterprises, Inc. as would be obtained in an arm’s length transaction with a similar company that charters private planes.

MEETINGS OF THE BOARD AND ITS COMMITTEES

The board of directors and its committees held a total of thirty meetings during the year ended December 31, 2002. None of our directors attended fewer than 75% of the aggregate of all meetings of the board of directors and any committee on which he served during 2002. The board presently has an Executive Committee, an Audit Committee, a Compensation Committee and a Nominating Committee.

The Executive Committee consists of Eric J. Crown, Timothy A. Crown and Stanley Laybourne. The Executive Committee is empowered to act on board matters that arise between meetings of the full board of directors.

The Audit Committee, consisting of Michael M. Fisher, Chairman, Larry A. Gunning and Robertson C. Jones, met thirteen times in 2002. Each of Messrs. Fisher, Gunning and Jones is an “independent director” as defined in Rule 4200(a)(14) of the National Association of Securities Dealers, Inc. listing standards. The Audit Committee operates pursuant to a written charter. The primary function of the Audit Committee is to assist the board of directors in fulfilling its oversight responsibilities as to financial reporting, audit functions and risk management. The Audit Committee reviews and considers the independence and performance of our independent auditors and internal audit department and the systems of internal control established by management.

The Compensation Committee, consisting of Messrs. Gunning, Chairman, Jones and Fisher, met six times in 2002. The Compensation Committee administers salaries and benefit programs designed for senior management, officers and directors and our incentive stock plans to insure that we have the ability to attract and retain highly qualified managers through competitive salary and benefit programs and encouraging extraordinary effort through incentive rewards.

On November 15, 2002, the board of directors formed a Nominating Committee consisting of Messrs. Gunning, Fisher and Jones with Mr. Jones serving as Chairman. Each of Messrs. Fisher, Gunning and Jones is an “independent director” as defined in Rule 4200(a)(14) of the National Association of Securities Dealers, Inc. listing standards. The Nominating Committee operates pursuant to a written charter. The Nominating Committee is responsible for identifying and recruiting candidates for the board of directors and makes recommendations to the board of directors regarding the membership and chairs of the board of director’s committees. Where appropriate, the Nominating Committee will consider timely shareholder recommendations submitted in writing to our corporate Secretary at 1305 West Auto Drive, Tempe, Arizona 85284.

Compensation of Directors

Directors who are not also our employees receive a retainer of \$10,000 per quarter, \$1,000 per board meeting attended, \$500 per committee meeting attended and reimbursement of reasonable expenses and certain formula-based stock option awards as described below. No per-meeting fees are paid in respect of some meetings held by teleconference. Directors who are our employees do not receive compensation for their service as directors except Eric J. Crown who receives an annual retainer of \$50,000 as Chairman of the Board. Mr. Crown’s employment agreement is discussed elsewhere herein. Non-employee directors are eligible to receive nonqualified stock options pursuant to an annual formula grant. Non-employee directors receive options for 7,500 shares each time they are elected for a three-year term on the board. Non-employee directors who are initially elected to the board between annual meetings receive options for 2,500 shares multiplied by the number of full and partial years of their initial terms. In addition, in April 2002, we granted each non-employee director nonqualified stock options to purchase 10,000 shares. Options granted to non-employee directors are exercisable for five years at the fair market value of the stock on the date of grant and vest over a three-year period, subject to continued board service.

Option Grants in Last Fiscal Year

The following table sets forth information regarding stock options granted during the year ended December 31, 2002 to the named executive officers.

- (1) Represent options granted by us to purchase shares of our common stock. One-half of the options become exercisable on each of the first two anniversaries of the grant date.
- (2) Amounts represent hypothetical gains that could be achieved over the full option term (5 years). The potential realizable value is calculated by assuming that the market price of the underlying security appreciates in value from the date of grant to the end of the term of the option at the specified annual rates, and that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date and are not presented to forecast possible future appreciation, if any, in the price of the common stock.

Aggregated Option Exercises and Fiscal Year-End Option Values

The following table sets forth information with respect to exercises of options to purchase Insight Enterprises, Inc. common stock and the number and value of such options outstanding at December 31, 2002 held by the named executive officers.

In addition, our subsidiaries, Direct Alliance and Plusnet, have issued options to our named executive officers in the amounts described in footnote (2) below. None of these options is exercisable and there is no market for the underlying securities. The exercise price for each of these options is the fair market value at the date of grant, as determined by an appraisal. We have not conducted subsequent appraisals for this purpose through December 31, 2002, and are not required to do so. Accordingly, the current value of these unexercisable options at December 31, 2002 is indeterminate and no value in respect of these options is included in the table below. Under these options, our named executive officers have the right to acquire the following percentages, determined on a fully-diluted basis, of the total outstanding common stock of Direct Alliance and PlusNet, respectively: Timothy A. Crown: 1.8% and 1.8%; Eric J. Crown: 1.8% and 1.8%; Stanley Laybourne: 0.9% and 0.9%; Branson (“Tony”) M. Smith: 1.8% and .9% and Dino Farfante: 0.1% and 0.1%.

Employment Contracts, Termination of Employment and Change-of-Control Arrangements

We have entered into employment agreements with each of our named executive officers. The agreements provide for base salaries and incentive bonuses and contain non-competition and change of control provisions. The board of directors approved, based upon the Compensation Committee's recommendation, the base salaries and incentive bonuses for Timothy A. Crown, Eric J. Crown and Stanley Laybourne. Eric J. Crown, our Chairman, approved the base salaries and incentive bonuses for Branson ("Tony") M. Smith and Dino D. Farfante. Compensation arrangements for all executive officers entered into after November 2002 must be approved by the Compensation Committee. The significant provisions of each of the employment agreements are as follows:

Timothy A. Crown. Mr. Crown's employment agreement was entered into with an initial period of two years, effective July 1, 1997, and contains a provision that constantly renews the agreement to a full two-year term. Notice to terminate this provision was given on December 31, 2002. Therefore, Mr. Crown's current employment agreement will expire on December 31, 2004. Mr. Crown's base salary is currently set at \$250,000 and he is entitled to receive an incentive bonus, payable quarterly, equal to 2.5% of our net earnings (before deducting the incentive bonuses of certain executive officers) provided that our net earnings exceed stated minimum amounts. The incentive bonus is paid in the form of either cash or restricted stock at the election of Mr. Crown. The restricted stock vests quarterly over three years, subject to acceleration in certain circumstances.

Eric J. Crown. Effective April 1, 2002, Mr. Crown entered into a revised two-year employment agreement, which expires on April 1, 2004. Under his employment agreement, Mr. Crown devotes time to acquisitions, strategic planning and other key initiatives, as requested by the Chief Executive Officer or the board of directors, on an as-needed basis. Mr. Crown's base salary is currently set at \$250,000 and he is entitled to receive an incentive bonus, payable quarterly, equal to 0.75% of our net earnings (before deducting the incentive bonuses of certain executive officers) provided that our net earnings exceed stated minimum amounts. The incentive bonus is paid in the form of either cash or restricted stock at the election of Mr. Crown. The restricted stock vests quarterly over three years, subject to acceleration in certain circumstances. Additionally, Mr. Crown receives an annual retainer of \$50,000 as Chairman of the board of directors.

Stanley Laybourne. Mr. Laybourne's employment agreement was entered into with an initial period of two years, effective July 1, 1997, and contains a provision that constantly renews the agreement to a full two-year term. Notice to terminate this provision was given on December 31, 2002. Therefore, Mr. Laybourne's current employment agreement will expire on December 31, 2004. Mr. Laybourne's base salary is currently set at \$200,000 and he is entitled to receive an incentive bonus, payable quarterly, equal to 1.0% of our net earnings (before deducting the incentive bonuses of certain executive officers) provided that our net earnings exceed stated minimum amounts. The incentive bonus is paid in the form of either cash or restricted stock at the election of Mr. Laybourne. The restricted stock vests quarterly over three years, subject to acceleration in certain circumstances.

Branson "Tony" M. Smith. Mr. Smith's employment agreement was entered into with an initial period of two years, effective July 1, 1999, and contains a provision that constantly renews the agreement to a full two-year term. Notice to terminate this provision was given on December 31, 2002. Therefore, Mr. Smith's current employment agreement will expire on December 31, 2004. Mr. Smith's base salary is currently set at \$250,000 and effective July 1, 2001, he is entitled to receive an incentive bonus, payable quarterly, equal to 2.0% of our net earnings (before deducting the incentive bonuses of certain executive officers) provided that our net earnings exceed stated minimum amounts and that each quarterly bonus through December 31, 2002 may not be less than \$187,500. The incentive bonus is paid

in the form of either cash or restricted stock at the election of Mr. Smith. The restricted stock vests quarterly over three years, subject to acceleration in certain circumstances.

Dino D. Farfante. Mr. Farfante's employment agreement was entered into with an initial period of two years, effective November 17, 2000, and contains a provision that constantly renews the agreement to a full two-year term. Notice to terminate this provision was given on December 31, 2002. Therefore, Mr. Farfante's current employment agreement will expire on December 31, 2004. Mr. Farfante's base salary is currently set at \$300,000 and he is entitled to receive an incentive bonus, payable quarterly, equal to 1.0% of our net earnings (before deducting the incentive bonuses of certain executive officers) provided that our net earnings exceed stated minimum amounts. The incentive bonus is paid in the form of either cash or restricted stock at the election of Mr. Farfante. The restricted stock vests quarterly over three years, subject to acceleration in certain circumstances.

The agreements for Messrs. Crown, Crown and Laybourne contain change of control (as defined in the agreements) and non-compete provisions that, upon a change of control, would result in payments to these individuals equal to three times their base salary and an incentive bonus for the preceding four quarters (all payments are to be grossed-up for the individuals' taxes) and would accelerate the vesting of all unvested stock options and restricted stock. The agreements for Messrs. Smith and Farfante contain the same provisions except the payment would be two times their base salaries and incentive bonuses for the preceding four quarters and would not be grossed-up for their individual taxes.

The agreements for Messrs. Crown, Crown, Laybourne, Smith, and Farfante provide that the individuals will receive certain benefits if their employment is terminated without cause. In the event an agreement is terminated without cause, the individual executive will receive a lump sum distribution consisting of (i) the total amount of his base salary for the remainder of the agreement term, and (ii) the total amount of incentive compensation payments, calculated based on a defined formula, as if the executive had not been terminated. Additionally, all unvested stock options and restricted stock shares will become fully vested.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the board of directors is charged with:

- (1) reviewing and approving the annual salary, bonus and other benefits including perquisites and personal benefits, to be paid or awarded to our executive officers;
- (2) reviewing and recommending to the board of directors new compensation and stock plans and changes to existing plans; and
- (3) administering the incentive compensation plans, stock option and other stock-based plans, and other employee benefit plans of Insight Enterprises Inc. and our subsidiaries.

The Compensation Committee, which met six times during 2002, currently makes compensation decisions with respect to Timothy A. Crown, Eric J. Crown, Stanley Laybourne, Branson ("Tony") M. Smith, P. Robert Moya, Karen K. McGinnis, Dino D. Farfante, Timothy J. McGrath, James A. McCoy, Stuart Fenton, Michael D. Rather, James D. Kebert and Marsha Thompson, Executive Vice President of Insight Public Sector. The Compensation Committee currently is composed of Larry A. Gunning, Chairman, Robertson C. Jones and Michael M. Fisher, each of whom is a non-employee director.

In December 2002, the Compensation Committee commissioned Aon Consulting, Inc. to analyze and review the competitiveness of our executive compensation. The analysis will provide the basis for recommendations and approvals with respect to compensation levels and the terms and provisions included in the future executive employment agreements. The analysis will provide information regarding “peer” compensation levels and long-term incentive compensation obtained from publicly held company reports and SEC filings, executive compensation surveys and other relevant sources. Each of the Chief Executive Officer, the Chief Financial Officer, the Executive Vice President/General Counsel and the Compensation Committee will meet separately with Aon Consulting, Inc. to review its findings. The Committee anticipates that similar periodic reviews and analysis will be conducted in the future.

Compensation Philosophy

The general philosophy of our executive compensation program is to place base salaries below the marketplace while structuring the bonuses and equity incentives to offer executive compensation that is competitive in the marketplace. Bonuses, including equity incentives, are based upon our performance and/or the employee's individual contribution and performance. Our executive compensation policies are intended to motivate and reward executives for long-term strategic management and the enhancement of stockholder value through cash payments (salary and bonus) and equity incentives (in the form of stock options and restricted stock). The ultimate goal of the Compensation Committee in its administration of our executive compensation program is to ensure that we attract and retain highly qualified managers through competitive salary and benefit programs and encourage extraordinary effort on the part of management through well-designed incentive opportunities. The employment agreements reflect our executive compensation philosophy.

Cash Bonuses and Restricted Stock Bonuses

We view bonuses for executive officers as an opportunity to tie a portion of an executive officer's compensation to our financial performance. These incentive bonuses are paid quarterly as a percentage of our net earnings (before deducting the incentive bonuses of certain executive officers) provided that our net earnings exceed stated minimum amounts. The percentages and minimum net earnings amounts are set forth in the executives' employment agreements. These bonuses may be paid with restricted stock instead of cash at the option of certain executive officers. Such restricted stock vests quarterly over three years (subject to acceleration in certain circumstances) and unvested shares are forfeited if the recipient ceases to be our employee. Our net earnings exceeded the minimum amounts for the quarters ended March 31, 2002, June 30, 2002 and September 30, 2002 and bonuses were paid to the named executive officers accordingly. Our net earnings did not exceed the minimum amounts for the quarter ended December 31, 2002 and accordingly no bonuses were paid to the named executives except Mr. Smith, who received the minimum quarterly bonus of \$187,500 pursuant to his employment agreement.

Stock Incentives

In 1994, our board of directors adopted, and our stockholders approved, the 1994 Stock Option Plan (the "1994 Option Plan") under which incentive stock options and nonqualified stock options may be granted to executive officers, other key employees, non-employee directors and consultants. In 1997, our board of directors adopted, and our stockholders approved, our 1998 Long-Term Incentive Plan (the "LTIP") under which a variety of stock-based awards may be granted to officers, employees, directors, and consultants or independent contractors, including officers who are also directors of Insight Enterprises Inc. and our subsidiaries. In 1999, our board of directors adopted our 1999 Broad Based Employee Stock Option Plan (the "1999 Broad Based Plan") under which nonqualified stock options may be granted to employees of Insight Enterprises Inc. and our subsidiaries. Stock-based compensation is viewed as a critical component of our overall executive compensation program because it ties an

executive's compensation directly to the value realized by our stockholders, and because it permits us to recruit and retain top talent. Additionally, stock options may be granted in subsidiaries that we intend eventually to divest because it ties directly an executive's compensation to the value realized from a successful divestiture.

During 2002, stock options to purchase shares of our common stock were granted to our named executive officers in amounts which, in the Committee's judgment, provide appropriate performance incentives to the Executives, consistent with past practices.

All of the options granted to purchase our common stock during 2002 to named executive officers vest equally on each of the first two anniversaries of the date of grant, provided the officer is still our employee. All of the options were granted with an exercise price equal to the market value of the underlying common stock at the close of trading on the date of grant, thus serving to focus the officer's attention on managing the company from the perspective of an owner with an equity stake in the business.

Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the chief executive officer and any other executive officer whose compensation is required to be reported in the Summary Compensation Table above. Qualified performance-based compensation will not be subject to the deduction limit if certain conditions are met. It is the Committee's intent to evaluate and, to the extent consistent with its other compensation objectives and overall compensation philosophy, take the steps necessary to satisfy those conditions in order to preserve the deductibility of executive compensation. Nevertheless, we may not be able to preserve deductibility of executive compensation recognized in connection with the exercise of certain options that have been granted to covered executive officers. Specifically, compensation resulting from the exercise of options granted to a covered executive officer under the 1994 Option Plan will not qualify for deductibility to the extent that the total of the base salary, bonuses and compensation from such option exercise received by any covered executive officer exceeds \$1 million in any taxable year.

AUDIT COMMITTEE REPORT

The Audit Committee of the board of directors operates under a written charter adopted by the board of directors. The composition of Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are intended to be in accordance with the applicable requirements for corporate audit committees. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis.

All Audit Committee members possess the required level of financial literacy and at least one member of the Committee meets the current standard of requisite financial management expertise as required by the NASDAQ Marketplace Rules. The SEC recently adopted a rule requiring disclosure concerning the presence of at least one "audit committee financial expert" (a newly defined term) on audit committees. This disclosure will be required to be included in the Company's Annual Report on Form 10-K for its fiscal year ending December 31, 2003 or in the proxy statement for the Company's 2004 Annual Meeting of Stockholders.

As described more fully its charter, the purpose of the Audit Committee is to assist the board of directors in its general oversight of Insight Enterprises' financial reporting, internal control and audit functions. Insight Enterprises' management is responsible for the preparation, presentation and integrity of the company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to assure compliance with accounting standards, applicable laws and regulations. Insight Enterprises' independent auditing firm is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

Among other matters, the Audit Committee monitors the activities and performance of Insight Enterprises' internal and independent auditors, including the audit scope, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee and the Board have the ultimate authority and responsibility to select, evaluate, and when appropriate, replace the independent auditor. The Audit Committee also reviews the results of the

internal and independent audit work with regard to the adequacy and appropriateness of Insight Enterprises' financial, accounting and internal controls. Several discussions with the director of internal audit and independent auditor were held without the presence of senior members of management. Management and independent auditor presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor. In this context, the Audit Committee met thirteen times during 2002, during which it held discussions with senior members of Insight Enterprises' financial management team, director of internal audit and independent auditor.

Management has reviewed Insight Enterprises' audited consolidated financial statements with the Audit Committee including a discussion of the quality, not just the acceptability, of the relevant accounting principles, the reasonableness of significant judgments made in connection with critical accounting principles and the accuracy and clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations that the audited consolidated financial statements of Insight Enterprises, Inc. have been prepared in conformity with generally accepted accounting principles.

The Audit Committee discussed with the independent auditors the matters required to be discussed with the Audit Committee under Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees." The independent auditors also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with the independent auditors their independence.

Based on the Audit Committee's discussions with management and the independent auditors and its review of the representation of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the board of directors include the audited consolidated financial statements in the Insight Enterprises, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2002 filed with the Securities and Exchange Commission.

AUDIT COMMITTEE:

Michael M. Fisher, Chairman

RELATIONSHIP WITH INDEPENDENT AUDITORS

Our principal independent accounting firm during the year ended December 31, 2002 was KPMG LLP (“KPMG”), independent certified public accountants. KPMG has audited our financial statements since 1988. It is contemplated that KPMG will be retained as the principal independent accounting firm to be utilized by us during 2003. A representative of KPMG is expected to be present at the annual meeting for the purpose of responding to appropriate questions and will be given the opportunity to make a statement if he or she desires to do so.

Fees and Independence

Audit Fees. KPMG billed us an aggregate of \$562,185 for professional services rendered for the audit of our financial statements for the year ended December 31, 2002, its reviews of our financial statements included in our Forms 10-Q during 2002 and statutory audits in the United Kingdom.

Financial Information Systems Design and Implementation Fees. During the year ended December 31, 2002, KPMG provided no services and therefore billed no fees to us in connection with financial information systems design and implementation.

All Other Fees. During the year ended December 31, 2002, KPMG billed us an aggregate of \$1,696,135 for all other services consisting of:

Global tax consulting project	\$1,329,646
Tax compliance	250,114
Unclaimed property, expatriates and other tax services	81,625
SEC filings related to acquisitions	25,000
2001 401(k) Plan audit	9,750
Total	<u>\$1,696,135</u>

The Audit Committee has determined that the provision of services by KPMG described in the preceding paragraphs is compatible with maintaining KPMG’s independence.
